

COULD HARDLY KEEP GOING

Had Rheumatism So Bad He
Couldn't Move Without
Suffering.

"I am in better shape today than I have been in over a year, for Tanlac is fast driving the rheumatism out of my system," said Marion Campbell, of 405 S. Walker Street, Oklahoma City, Okla.

"Every little change in the weather would make my misery worse," he continued, "and often I would suffer so terribly that I would be unable to work. My muscles and joints would be so sore that I couldn't move without suffering agony, and I have had to lay off for two or three days at a time and when I did go back to work I would be so badly run down that I could hardly stand the effort. My stomach was in such an awful condition that everything I would eat disagreed with me and would sour and form gas that swelled me up until I could hardly get my breath. I was badly constipated and my back hurt like it would break in two."

The last time I had to lay off from work Tanlac was recommended to me, and right after I started taking it I felt relieved of my stomach trouble and the soreness began to leave my joints and muscles. Every symptom of my old trouble is gone and I don't feel like the same person I was before and am able to go about my work with satisfaction again. From the way it has fixed me up I am glad to recommend Tanlac to anybody who may be suffering the way I was before I took it."

Tanlac is sold in Memphis exclusively by Weiss Pharmacy and Warnock Drug Co.

JUST HURT ALL OVER

Couldn't Sit, Stand Or Lie
With Any Comfort—Sister-
in-Law Gives Good Ad-
vice and Cardui Does
World of Good.

Holland, Texas.—Mrs. Nannie Messer, of this place, states: "About three years ago I was in a very critical condition. I had been suffering for some time. To tell how I hurt would be impossible."

I just hurt all over.
I couldn't sit, stand or lay with any comfort, my back, sides and head all gave me a great deal of trouble.

I was especially bothered with a tight swimming in my head. My people were very uneasy about me and sent me to my relatives to see if a change would do me any good.

I stopped at a sister-in-law's and she being a great believer in Cardui, asked me why I didn't use it. I decided to try it.

I had only taken a few doses when I felt it would do me good. This gave me hope and I used it right along and it did me just a world of good, since which time I have never ceased to praise Cardui."

Cardui is recommended for simple female complaints and womanly pains and has been found to benefit in thousands of such cases when not due to malformation or that do not require surgical treatment. Try it. adv.

Fatness Kills 31,000 Yearly

Fat is fatal to health and personality. It is estimated that over 31,000 persons have died each year in the past decade long before their allotted span of life, through the effects of excessive fatness. Any overcast man or woman is carrying unhealthy adiposity that is pressing against and injuring vital organs of the body. The heart, that delicate human apparatus becomes congested. In numerous cases there are dangerous gatherings of packed-in fat around the throat, stomach, liver and other delicate parts.

Through overindulgence the afflicted person while apparently well is liable to nervousness, neurasthenia, physical or mental collapse and other disorders, for obesity is irritating. Cases of heart failure, apoplexy, sunstroke, etc., are frequent causes of premature death. Fat persons are particularly victims of accidents and are more liable than healthy, slender persons to death from influenza, pneumonia and other severe ailments.

If you are overweight you should know it is true, a case of slow suicide for you to kill yourself a good many years before natural old age, simply because you do not eliminate the burden of unhealthy, unsightly fat. Moreover, your efficiency should be improved by becoming slimmer; see your appearance should become wiser and more attractive. There is a delightfully successful method of weight reduction known as the "Korin" system. It consists of some simple directions with the use of oil of Korin. This method is so pleasant because it contains no harmful or other such drastic ingredients, no strenuous exercise, no starvation, indeed, you may eat all you want. The Korin system is guaranteed. It is perfectly harmless; recommended by physicians. A reliable self-treatment.

By reducing now you may expect greater comfort, happiness, increased mental and physical efficiency, better health and a longer life. Be fair to yourself and those who are dear to you. Surround yourself with your reason, your strength and surrounding sensitive personality. Get all of the fat off (the easy Korin system) in six weeks at the drug store without delay, or, if more convenient, send \$1.00 cash, stamps or money order to Korin Co., 311-313, Station 9, New York, N. Y.

BILL TO EXTEND SUGAR CONTROL IS READY FOR ACTION

McNary Measure Reported
Out to Senate and Placed
on Calendar With View to
Early Ballot.

WASHINGTON, Nov. 2.—The McNary bill proposing continuation of federal control over sugar during 1916 was reported today to the senate and placed on the calendar with a view to early action.

In a majority report Senator McNary, Republican of Oregon, author of the bill and chairman of the senate agriculture subcommittee, which investigated the sugar shortage, declared "a serious situation will ensue" if the sugar equalization board's control over sugar is not continued another year.

Minority views presented by Senator Randall, Democrat of Louisiana, expressed agreement in the plan to continue the sugar board, with authority for its purchase of Cuban sugar, but opposed giving the board power to buy and sell domestic sugars as an unwarranted interference with natural economic laws and as likely to unduly depress prices of Louisiana and other domestic sugar.

Senator McNary's report suggested that the present sugar famine conditions largely are psychological and not due to present shortage but to fear of future shortage and the anticipation of this situation is reflected by speculation in the sugar trades. Data in the hands of the committee, the report stated, shows about 730,000 tons of Cuban and domestic sugar are available for distribution until Jan. 1, which quantity will provide for consumption above normal during this period. The world shortage of sugar was estimated at 2,000,000 tons over the pre-war average.

"The Cuban crop," the report stated, "if not controlled by the government working through the sugar equalization board will supply a field for competition with the resultant effect of extraordinary high prices for raw sugar with corresponding reflection of increased prices to the consumer."

American sugar consumption per capita annually, the majority report stated, has increased from 75 to 92 pounds, "due in part to larger consumption of sweet meats and fountain drinks containing sugar."

Regarding the senate committee's refusal of the sugar board's request to provide for licensing power in the sugar trade, the majority report said: "While serious misgivings are entertained by the sugar equalization board of its ability properly to function without it being given legislative authority to license manufacturers and dealers in sugar, it is the opinion of your committee that a serious situation will ensue if the law creating the sugar equalization board is permitted to expire. It is believed that if the life of the sugar board is extended until Dec. 31, 1916, and by appropriate legislation the board is authorized to acquire the domestic and insular sugar crop of 1920 plus the Cuban crop, that its power to regulate the refinery and its charge to the broker and their charge to the final consumer can be fixed by the control of the board would exercise over the 1920 crop by reason of the acquisition of the crop. Having acquired the product, it is reasonable that the refinery and the dealer who must have the sugar will unconsciously conform to any rule of regulation imposed by the board."

Conceding that a large part of the Cuban crop of 1920 already has been sold, Senator McNary said the committee believes the two-thirds remaining can be acquired reasonably, although at prices higher than those of last summer. In this connection the report detailed failure of President Wilson to respond to recommendations of the sugar equalization board to purchase the Cuban sugar.

TELEGRAPH BRIEFS

CHARLOTTESVILLE, Va.—Walter Dixon Weaver, electrical engineer and member of the first Greely expedition, is dead here.

WELLSBURG, W. Va.—Dr. C. S. Butler, of Buffalo, N. Y., here in the interest of the board of sanitation and ministerial relief of Presbyterian church, died suddenly Sunday.

ARDMORE, Okla.—Fire following explosion of gas here, destroyed the home of W. P. Martin, burning to death two children, Charles, Higgins and causing the death later of one of the Martin children. Three women and another child may die from burns received.

LONDON.—The first direct steamship service between England and Haiti since 1899 will begin Nov. 12 when the steamer Conway will leave London for Haitian ports.

BERLIN.—Dr. Glaessing, burgomaster of Wiesbaden, husband of the allied commander-in-chief for administration, being blamed for coal shortage in the city.

CAIRO, Egypt.—Further rioting has occurred in Alexandria, a mob plundering various homes and being dispersed by machine gun fire with many casualties.

COPENHAGEN.—Forty-one persons were killed and a large number injured in a collision between an express train and another train Saturday night at Vigerslev.

STOCKHOLM.—Famine in Petrograd is assuming alarming proportions, a dispatch from Helsingfors declaring 40,000 persons have died from starvation within one month.

ANNAPOLIS, Md.—Lieut. Col. Duncan Elliott, commander of cadets at St. John's college here, ended his life late Saturday by shooting himself in the head, owing to ill health.

WOODBURY, N. J.—Eleven persons were killed and more than a score injured late Saturday night when a Pennsylvania train struck an auto-truck loaded with Philadelphia Haitian masqueraders at a crossing eight miles from here.

HOUSTON, Tex.—Sheriff R. L. Watts was shot and killed by Tony Miller, whom he sought to arrest, in a pistol battle in San Augustine Saturday night, and Miller was shot to death by Deputy Sheriff Wilkerson.

HAVANA.—The steamer Maria Julia, with her crew of 19, missing for several days, has been located short of coal and water, at Cape Contines.

FAVOR WEBB AS JUDGE.

WASHINGTON, Nov. 2.—Favorable report of the nomination of Representative Webb, Democrat, of North Carolina, to be an additional federal judge in the Eastern North Carolina district, was ordered unanimously today by the senate judiciary committee.
